Experience

Senior Software Engineer(BL)   *04/2019-Present*
AirAsia   **Kuala Lumpur, Malaysia**

- Working as a Senior Developer and Interim TL with Big Loyalty.
- Handle Big Xchange(BX) fully and take full responsibility for the product including improvement suggestions provided to product owners.
- Implementing BX APIs using Golang and implementing CI/CD.
- Look into multiple other projects under BL and provide improvements.
- As an Interim TL, work with the product and tech team to provide timelines of new/suggested changes. Also in case of issues, work with the tech team closely to solve them and improve the system if necessary.
- Continuously looking for solutions to improve the current system using new technologies.

Tech: Java 1.8, Spring Boot, jQuery, AJAX, AWS S3, EC2, EB, Cloudwatch, Redis cache, API Gateways, Lambda Functions, Kafka, Thymeleaf, Go*, Docker*, Kubernetes*, GCP* (* - initial phase)

Senior Product Engineer(RM1)   *08/2018-04/2019*
MBB Labs Pvt Ltd(Maybank)   **Bangalore, Karnataka**

- Worked as a Senior Developer with Risk Management Team looking into pre-deal and post-deal pricing applications.
- Discuss and provide optimum solutions including full-stack development.
- Developed many common solutions that could be used by other teams as well including web-services.

Tech: Java 1.8, Spring Framework, JavaScript, jQuery, AJAX, PL/SQL

Senior Software Engineer(PRC)   *06/2017-08/2018*
Société Générale   **Bangalore, Karnataka**

- Worked on enhancements or new requirements for a better experience.
- Create shell scripts which automates most of the manual work and saves time.
- Created REST web services so that other components can connect to PRC directly or use our functionality in their applications.
- Created build & packages regularly for hassle-free deliveries.
- Train juniors and other team members for new technologies that can be used in the project.

Tech: Java 1.8, Spring Framework, JavaScript, jQuery, AJAX, PL/SQL

Previous Experience(s)

Technology Analyst(V21, BT)   *02/2011-05/2017*
Infosys Limited   **Pune, Maharashtra**
